

## Reflector (NR/R/PAR/E/A/P/PC-shape)

## Reflector diam 50 mm

Dim. no.	C max.	D nom.
1	86	50
2	87	50

## Product Description

- Reflector lamps based on advanced spotlighting technology

## Product Features

- Optic gives double reflection of part of the light emitted by the filament
- Beam spread and luminous intensity make these lamps especially suitable wherever space is limited and in small luminaires

- Direct replacement for conventional reflector lamps of all kinds
- Easy fitting and removal thanks to tapered profile

## Product Benefits

- Centre-beam intensities up to 100% higher than with conventional reflector lamps

## Application

- All the benefits of high-performance, high-efficiency spotlighting, simply by replacing conventional reflector lamps with ring mirror lamps of the same size and wattage
- Display lighting in shops, hotels, restaurants and homes
